[Junior Cup Athletes \(18+\) Code of Conduct](#)

[Junior Cup Athletes \(under 18\) Code of Conduct](#)

Safeguarding responsibilities

All coaches, parents, athlete support personnel and chaperones are responsible for safeguarding at the event. This means creating a child centred environment, following Triathlon Ireland policies and reporting on anything that occurs which has or may put a child at risk or contravenes the Triathlon Ireland code of conduct. Coaches and Athlete Support

Personnel have the responsibility to ensure athletes are safe at all times during their trip. They should:

- Be available to athletes at all times.
- Read and abide by the safeguarding policy and protocols for the event.
- Know how to contact emergency assistance if required.
- Hold medical information relevant to their athletes.
- Be available to chaperone if their athlete is selected for Anti -Doping tests.

Accommodation

Athletes travelling to the event will stay in accommodation with their team and coaches/chaperones. Coaches and chaperones travelling with young athletes have a duty of care for their athletes and are responsible for their athletes welfare while they are in the accommodation and at all times on the trip. TI guidelines outline the following in line with best practice in relation to travelling with young athletes.

- Coaches and chaperones who are not the athlete's parents should not share a room with a junior athlete.
- Coaches and chaperones who are not the athlete's parents should not be alone with the junior athlete in either the coaches room or the room of the junior athlete.
- Any interactions, discussions, maintenance work on bikes etc. should take place in a common area.

Photography

TI requests express permission from parents/carers for photography at events. If you have not completed the form, [please find it here](#).

A person will be appointed to take photos/film. Please do not take photos or videos of underage athletes who are not in your care. There are protocols about what images can be used and how they can be used. [See the Triathlon Ireland photography policy here](#).

Missing Young People

If a participant is reported missing the [missing child protocol](#) should be followed.

Key points:

- As soon as it is noticed or reported that a young person is missing Safeguarding Lead should be informed.
- Marshalls on the course to be alerted via Zello/walkie talkie and information gathered regarding the last whereabouts and description of the young person.
- Marshalls should only leave their post to search if it is safe to do so and if they are instructed to do so.
- Junior volunteers or other young athletes should not be part of the search.
- If the young person isn't found in the immediate vicinity then police will be informed within 20 minutes to ensure cars leaving the area can be checked.
- Safeguarding Lead to be informed immediately when young person is found.
- If a volunteer, marshall or staff member finds themselves alone with a young person they should alert the safeguarding lead and stay in an open area with the young person until assistance arrives from the safeguarding team.

Injuries on the course

If a young person is injured or needs assistance on the course, medical support should also be alerted immediately as well as the safeguarding lead. If they need assistance before the medical team can arrive then consent should be granted before assisting the young person in any way (if this young person is not in your care). If the situation is life threatening and the young person cannot give consent due to loss of consciousness then medical attention should be given as soon as possible after calling for assistance. The Safeguarding lead will contact the coach/chaperone travelling with the young person and either the chaperone or one for the safeguarding team will accompany the young person while they receive medical assistance. Please ensure you have provided any relevant medical information in advance on this form.
